

Proposal

IDnOG 9

idnog.or.id

Background

INDONESIA NETWORK OPERATORS GROUP/IDNOG founded in Jakarta on 24 June 2014. IDNOG initiated by a group of volunteers from Internet Service Provider (ISP) companies, Network Access Providers (NAP) and Stake Holders.

The establishment of IDNOG strongly supported by : Indonesian Internet Service Provider Association (APJII)-www.apjii.or.id, Asia Pacific Network Information Center (APNIC)-www.apnic.net, Internet Corporation For Assigned Names And Numbers (ICANN)-www.icann.org and Asia Pacific Internet Association (APIA)-www.apia.org.

IDNOG is a non-profit organization, which is independent and do not under any authority or any Institution or Organization and does not involve in politics. Its members are activists in ISPs, Telecommunications Operators, Other Network Owners, Content, Academics, Regulators that are spread throughout Indonesia.

IDNOG formed as an initiative to embrace Network Operators in Indonesia to share knowledge and experiences in between members, anyone interested may join. IDNOG will regularly hold meetings in the form of conference and workshop once a year. IDNOG provide and maintain mailing list and other social media for members engagement.

For more information about IDNOG, please visit : www.idnog.or.id

NANOG (North America NOG) is one of the longest NOG communities in the world. It's an effective community to share experiences, knowledge and update Information and Communication Technology (ICT) in North America. JANOG (Japan NOG) was established on 1997 and SANOG (South Asia NOG) since 2003 where both located in Asia, and SGNOC, MYNOG and others located in ASEAN. APRICOT located in Asia Pacific.
